## *European Village Charm*

Nestled on an isolated white sandy beach in Bayahibe, Dominican Republic, surrounded by cerulean waters, sits a resort like no other. Designed after the Spanish village of Cadaques, Spain, Cadaques Caribe engenders all of the allure of a European village down to its charming chapel and whitewashed buildings alongside cobblestone streets and squares, where the daily life of the Mediterranean blends harmoniously with relaxed island life.

With a charming luxury boutique hotel, beautifully appointed rental condominiums, shops, restaurants and bars, Cadaques is the perfect resort. The virgin jungle views of the adjacent national park and the stunning panorama that includes the nearby islands of Saona and Catalina ensure that Cadaques will be enjoyed by guests for generations to come.

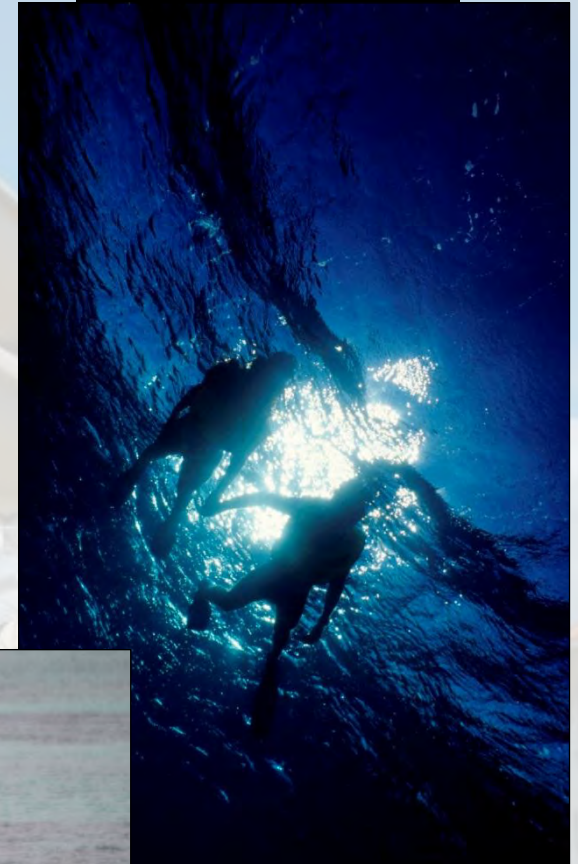

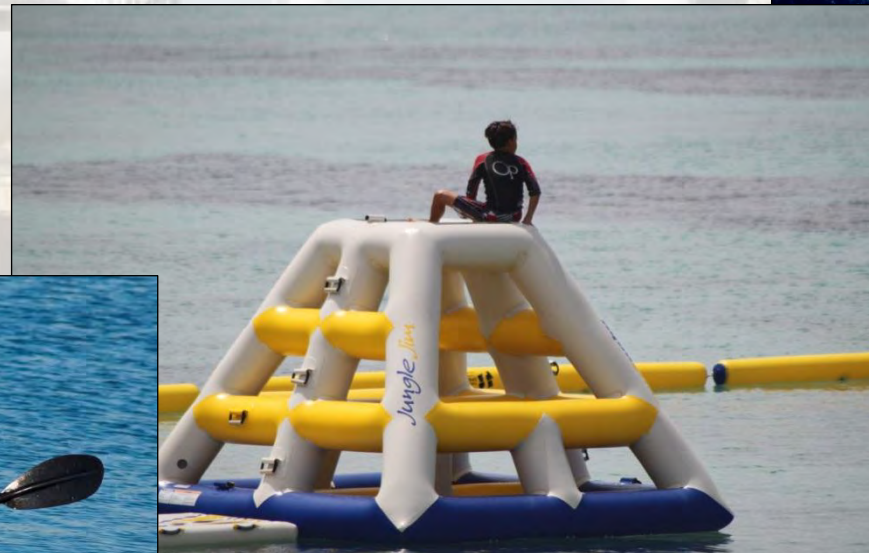

## *Family Fun*

Few resorts offer the scope of amenities and activities available at Cadaques Caribe. From its spectacular waterpark complete with a multitude of slides, fountains and a plunge pool, it provides infinite fun for children and adults alike. Seafront lagoon pools, an ocean play area complete with water toys, and a palapa-covered swimming pier reaching into the sea provide the water enthusiast an array of aquatic delights.

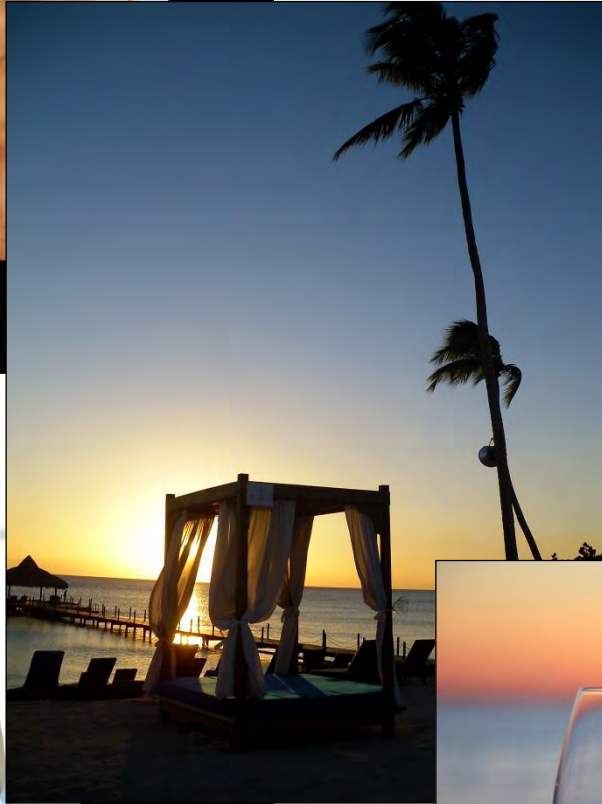

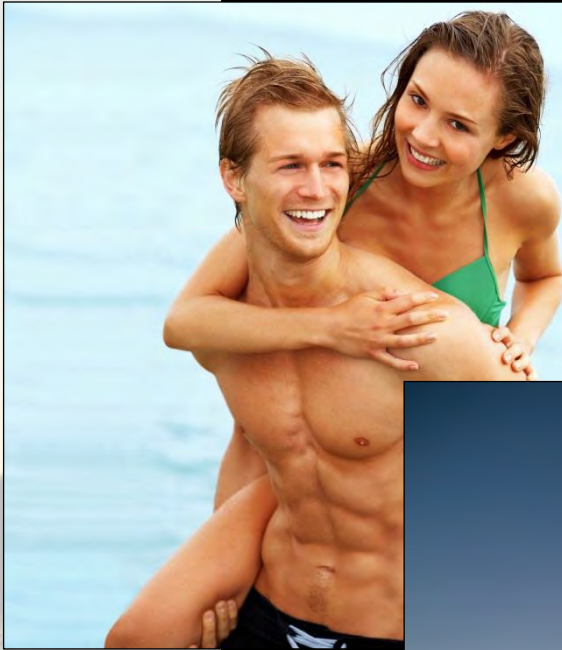

Thrill seekers will revel in the snorkeling, scuba-diving and parasailing that are available on site, and six world class golf courses are within just a short 20 minute drive.

## *Romantic Escapes*

Seldom will you find a resort that has universal appeal to both families and couples. But the opportunity to fan the flames of passion does not escape Cadaques.

Quiet morning strolls along the beach, a mid-afternoon tandem massage at the tranquil spa, a glass of Cabernet as the setting sun turns the heavens scarlet and rose', and a midnight swim under the dazzling stars after an enchanting dinner at the beachside restaurant are sure to invoke feelings of romance and desire.

## *Luxurious Accommodations*

Most Caribbean resorts are either so large that they feel like “tourist warehouses”, or so small and intimate that they lack the amenities one truly desires. Not so at Cadaques. With a mixed-use design encompassing vacation/second home condominiums, the scope of the project supports all the amenities even the most discriminating travelers’ demand.

The 40 room boutique-sized hotel and additional guest rooms throughout the property are decorated with white linens, dark mahogany furniture, and soft Caribbean tones that conjure feelings of intimacy, privacy and comfort. All rooms include either a balcony, providing panoramic views of the resort, or a patio, surrounded by lush greenery for our guests to use for basking in the sun or enjoying the cool evening breeze. And if something larger, or for extended stays is required, inquire about our vacation condominium rental program. All the comforts of home, all the advantages of a luxury resort.

## *Fabulous Food*

From its beachside restaurant encompassing dramatic ocean panoramas to its gourmet restaurant situated atop the lobby with vistas of the property and National Park, to its cozy street-side café evocative more of Europe than the Caribbean, the gastronomic experiences at Cadaques are as delightful as the views.

And here at Cadaques, guests can select from our wide array of restaurant choices either on an a la carte basis, **OR** by taking advantage of our all-inclusive option. But either way, our tableside service and selection from our carefully crafted menus always ensures each guests dining experiences are as unmatched as the resort itself.

## Wondrous Weddings

Perhaps the designers of Cadaques knew that when completed, no other Caribbean destination would offer couples looking for that special place to make the definitive commitment to each other such environs. But it's difficult to imagine that even they could have foreseen just how spectacular a setting their designs would have wrought.

Whether our couples choose to make their vows in our quaint village chapel, under the palapa on the pier, or with their toes wriggling in the white, velvet sand, a wedding at Cadaques will produce memories that will stand the test of time.

And at Cadaques, use of our facilities for the wedding dreams are made of, are **complimentary** for our hotel guests. Just ask for details.

*Such a Place is*

# *Cadaqués Caribe*

A serene sunset scene over a vast ocean. The sun is low on the horizon, casting a warm, golden glow across the sky and reflecting on the water's surface. In the foreground, a dark wooden pier extends from the left towards the center. A person is silhouetted against the water, standing on the pier and looking out towards the horizon. The sky is filled with soft, wispy clouds, and the overall atmosphere is peaceful and contemplative.

*Be at peace... Be at play.*
